I sold xxxxx to little red riding hood  
and say hello to the wolf, to the wolf, to the wolf.

Hate me, hate me  
put it on rewind and play it again  
hate me, hate me  
put it on rewind and play it again.

Say that you love me  
say that you love  
say that you love baby  
and do it again.

I raped sleepin' beauty in her own sleep  
deep in every hole, every hole, every hole  
I raped sleepin' beauty in her own sleep  
deep in every hole, every hole, every hole.

Hate me, hate me  
put it on rewind and play it again  
hate me, hate me  
put it on rewind and play it again.

Say that you love me  
say that you love  
say that you love baby  
and do it again.

I'll spit on your love  
and smile on you grave

I'm proud of it

say that you love me  
say that you love  
say that you love baby  
and do it again

say that you love me  
say that you love  
say that you love baby  
and do it again.
