

SICK SICK SICK

I hate rockstars, who shoot themselves.
They're so depressed, just they and no-one else....

I hate myself when I say this...
I am sick, I am sick, it's the same old, the same old shit...
I am sick...Sick, sick, sick.

Deadbored....I am bloody sick!
don't need to break me...'cause I am so...

I am sick, I am sick, it's the same old, the same old shit...
I am sick...sick sick sick...

I hate those who smile too much
'cause they may say that you are a bitch....
I hate those who don't smile at all
'cause they are so empty and small....

Find me a cure....Find me a cure, just this...

I am sick, I am sick, it's the same old, the same old shit...

Find me...a cure...
Leave me alone.

I hate sportstars, who speak on tv,
they tell us what to do and they don't have a degree....

Deadbored..I am bloody sick!
