

## SLAUGHTERHOUSE: A LOVE STORY

Ti strappo dalle dita via tutta la tua vita  
finché sarà finita grigia impallidita

Black injection, dissimulates sensation  
Pharma paradise in a lifeless life  
a syringe, a ring, a kiss, a catheter  
a pill, a hug that lasts forever.

Menstrual sex with a broken old boy  
The last experience of my friend roy  
an overdose, love left to decompose  
with no regrets, comatose.

Slaughterhouse obituary and a love story

A dark minuetto forces me to dance  
where everything spins with no sense  
a plastic hand for a prosthetic erection  
a paper napkin for my spermal eruption.

A monster in the mirror tells me I'm wrong  
so I decided to put it down, put it down in a song.

Strapparti via la faccia non è che mi dispiaccia  
come carta straccia la getto senza traccia
